### Questions

- What is something your family did to celebrate Easter today or this weekend?
- This morning it was said that sin is more than just disobeying God, it is putting yourself or something else in the place of God. How does this change the way we view sin?
- What are some ways that people are enslaved to sin but don't recognize it?
- In this passage, Jesus is addressing Jews who had believed in him yet were slaves of sin with the devil as their father (V44). What does this tell us about their belief? Do you think there are people in the church today who are like this?
- What does Jesus say is true evidence of someone who is His disciple and has truly been set free (see V31-32)? What does this mean?
- What does it mean that Jesus sets us free from the fear of death? How does this change the way we think about death?

**Prayer** Spend some time thanking Jesus for coming to rescue us from sin and death. Pray for those around you who need to hear this truth.
