

A GOSPEL COMMUNITY ON MISSION

# WEST JACKSON

## BAPTIST CHURCH

TEXT: Philemon  
DATE: 4/5/2020

### Questions

- What is something you heard today that challenged the way you see yourself, others, or God?
- Last week we discussed the difference the gospel made in Onesimus' life. In what ways is Paul now looking to see how the gospel will make a difference in Philemon's life?
- How is Paul mirroring what Christ has done for us (V17-18)? How are we like Onesimus?
- This morning, two evidences were given of how the gospel changes us. The gospel frees us to lay down our rights, and the gospel frees us to see temporary loss as gain. Which one of these do you currently struggle to believe?
- Take a few minutes to share how you are already seeing God use some temporary losses for our gain and His glory.

**Prayer** As we walk through this time of self-distancing and isolation, let's make it a season of prayer. Set some times and reminders this week of when your group will commit to pray. Be looking online for a daily devotional and prayer guide for this week.

Pray now that God have mercy on us during this time. Pray that God will use this time to bring people to Himself for salvation. Pray that God will renewal and revival in His church.
